

YALE'S CAPTAINS ON GRIDIRON, DIAMOND, TRACK AND WATER

New Haven, Conn., Aug. 16.—If the blue of Eli Yale doesn't flash to the fore in athletics this fall and next year, it will not be the fault of the men chosen to lead the team.

Yale has chosen a star quartet of leaders. When college opens next month, Thomas Leonard Shevlin of Minnesota will be foot ball captain, Richard Cary Morse, Jr., of Norwichtown, Conn., will lead the varsity eight; Frank O'Brien of Plattsburgh, N. Y., will head the base ball candidates for practice and John Marvin Cates of Brookline, Mass., will look for track men.

Shevlin came here from the Hill school of Pittsford, Pa. three years ago. He made the eleven in his freshman year, and played end, becoming the fastest end of the year. The next spring he made the track

team and won points for Yale in the hammer throw in the intercollegiate meets. In May, when the nine was short of outfielders, Shevlin went in to left and made good. In his sophomore year Shevlin duplicated this record and wound up by representing Yale in the international games against Oxford and Cambridge. Last year Shevlin was tried at full back, but was not a success and was sent to his old position, at end. Both track and base ball teams wanted him this year, but he decided that he had enough to do to handle the eleven.

Frank O'Brien, the base ball captain, will begin training when school opens. "Bully" Lush, the ex-Cleveland American League player, will again coach the squad. Training will continue until cold weather and will

be resumed early in the spring. O'Brien has played three years on the varsity and is one of the best players Yale has produced.

Captain Morse, with a good part of his champion crew left, will not have much trouble in filling the holes caused by graduation. Yale has always been noted for the excellence of its crews and no fear is felt that the 1906 varsity will not be up to the class of bygone days.

The knottiest problem will fall to John Marvin Cates. With Shevlin out of the weights and some of the best sprinters and runners gone, he will have to do some tail hustling to develop new material. The loss of Trainer Mike Murphy, who knew the possibilities of every Yale athlete, will be felt by the track team, but Cates is already enthusiastically at work.

ARIZONA WANTS GAME PRESERVE

Will Ask President to Set
Aside Tract Fifty Miles
Square.

"BUFFALO" JONES INVESTIGATING

President Roosevelt will be asked to set aside a tract of land about fifty miles square in northern Arizona to be used as a national game preserve. Senator Smoot, Senator Sutherland and Congressmen of southern Utah will join with Delegate Smith and other leading citizens of Arizona in asking for the establishment of the preserve.

The tract is bounded on the south by the Grand Canyon of the Colorado, on the west by the Knap canyon, on the east by House Rock cliffs and on the north by Desert. Fifteen miles of fence on the northern side, with the natural boundaries, would enclose the district.

The proposed preserve contains a high plateau and many fine grazing valleys, with an abundance of water and timber. It is the natural home of deer, elk, etc., and from the fact that it is an ideal range for cattle, it is believed it would be a splendid place for breeding buffalo.

Smoot, Sutherland and Howell, and prominent citizens of southern Utah, are at Denver arranging for a trip to the location of the proposed preserve. They will probably go there early next month and will be joined by Delegate Smith and other interested men of Arizona. "Buffalo" Jones, game superintendent of the Yellowstone park, is now in the district, where he was sent by the president to report on the possibilities of the project.

A company has already been formed in Utah to construct an aerial tramway to connect basins across a narrow portion of the Grand Canyon on the southern edge of the proposed preserve. This would make the preserve easily accessible from the south. Until now the canyon has formed a barrier and has led to efforts to have the strip this created added to Utah.

IRRIGATING FOR THIRD
CUTTING OF ALFALFA.

Farmers in the southern Mesilla Valley are beginning to irrigate their alfalfa lands in order to secure a third cutting, of which there is a good

prospect. This irrigation is made possible by the fact that the Las Cruces and Mesilla ditches are now well supplied with water. Mission grapes are now being shipped from Las Cruces and the crop looks fine. Real estate in the City of the Crosses is very active and many people have come to this town in the past six months than in six years previous.

Public Is Aroused.
The public is aroused to a knowledge of the curative merits of that great tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 56 St. Clair avenue, Columbus, Ohio, writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak from useless doctors' drugs that I could not eat. Soon after beginning to take Electric Bitters I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores. Price 50c.

THE DAYTON ELECTION PASSED VERY QUIETLY.

The election at Dayton passed off very quietly last week and when the polls had closed and the votes were counted the result was as follows: W. F. Daugherty was elected justice of the peace over S. P. Stanford, by a majority of two votes; J. O. Walling was elected constable over A. W. Henry by a majority of four votes. Although the election was so close there were no hard feelings.

A Touching Story
Is the saving from death of the baby girl of Geo. A. Byler, Cumberland, Md. He writes: "At the age of 11 months our little girl was in declining health. Serious throat trouble and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured and is now as healthy as a horse. Never fails to relieve and cure a cough or cold. At all dealers; 50c and \$1.00. Guaranteed. Trial bottle free.

OLD OFFENDER UNDER ARREST IN ARIZONA

Hilario Rand, who was arrested in El Paso about three months ago on the charge of killing a woman at Las Cruces during a parade in that town about five years ago, but who was released because of the expiration of the limit of fugitive's bond, is now under arrest at Phoenix, Arizona, and the Dona Ana county officials will endeavor to procure extradition papers for him.

BEWARE OF SUMMER GERMS

Will Cause Sickness Unless Stomach is Strengthened
With Mio-na

If the stomach is weak so that food does not readily digest in it, the food will become a sour, slimy, fermenting mass in the digestive organs, the ideal condition for germs to cause bowel trouble, diarrhoea, or other summer illness.

The well known Mio-na will make the whole digestive system so healthy, clean and sweet that food cannot ferment, and any disease germs which may enter the stomach

will be destroyed. Just one small tablet out of a 50 cent box of Mio-na before eating, and you will have no headaches, backache, poor appetite, distress after eating, heart-burn, furred tongue, sleeplessness or general debility. It will tone up the digestive system and give perfect health and strength.

Take Mio-na and J. H. O'Reilly & Co. will guarantee to refund the money if it does not cure. The risk is all theirs.

MALARIA UNDERMINES THE HEALTH

When the germs of malaria enter the blood the entire health is affected, and if the blood is not purified of these germs and microbes, Chronic Sores and Ulcers, Liver Spots, Chills and Fever, Bolls, Aches and Pains, and a great variety of troubles manifest themselves, and soon the entire system is undermined, leaving the sufferer a prey to a most miserable, weak and nervous condition.

613 W. Market St., Louisville, Ky.
For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would be laid up. Finally my physician prescribed S. S. S. I took a few bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief. I cannot speak too highly of S. S. S. My partner in business is now taking S. S. S. for an eruption of the skin, and a general run-down condition of the system, and all ailments but one bottle, already commences to feel better. I. SHAPIROFF.

S. S. S. counteracts and drives all the poison from the blood and builds up the system by its fine purifying qualities and tonic effects. It strengthens every part, increases the appetite, helps the stomach and digestion, and by supplying the body with rich, pure blood, cures Malaria and all its disagreeable ailments. Unlike most blood medicines, S. S. S. is purely vegetable. It does not contain a particle of mineral of any kind to disagreeably affect the stomach, digestion and bowels, but by cleansing and strengthening the blood, puts every part of the body in healthy condition. Book on the blood and any medical advice desired without charge.

THEY NEVER FAIL.

That is What They Say About Them in Albuquerque, and It Is, Therefore, Reliable.

Another proof, some more evidence, Albuquerque testimony to swell the long list of advocates who endorse the old Quaker remedy, Doan's Kidney Pills. Read this convincing endorsement of the claims made for that remarkable preparation:

Mrs. J. Hall, of 519 South First street, says: "One of my daughters suffered from backache for about eight months or a year. Sometime it was so bad that she was completely prostrated for a day or so at a time. I read about Doan's Kidney Pills in our Albuquerque newspaper and thought if they only performed half what they promised they might help my daughter and we went to the Alvarado Pharmacy for a box. In a remarkably short time the medicine took effect and a continuation of the treatment a little longer stopped the backache. We are pleased to recommend Doan's Kidney Pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
